Subject: CONFIDENTIAL - Sienna Unintended Acceleration Allegation Q&A Approval Request.

Hello Bill:

I recently joined George Morino's staff in the Compliance Department. He is currently out-of-the-office.

As you may know, in April, 2008, NHTSA opened a Preliminary Evaluation on 2004 model year Sienna vehicles for unintended acceleration. NHTSA recently (08/08/08) upgraded the investigation to an Engineering Analysis.

In anticipation of media coverage, we have revised the previous Q&A to reflect the upgrade. It has been reviewed and approved by both TMC and TMS Legal.

We hope this information is helpful.
